Introduction

This is a quiz game designed for All Saint College. It is a console-based application specifically for teenagers aged 13-19. Participants outside this age range cannot play the game.

System Requirements

Before starting the game, ensure the following technical requirements are met to run the console-based application smoothly:

- * Python 3
- * Pandas
- * Random
- * OS module

If these modules are not installed, the application will encounter errors, preventing you from playing the game.

Game Features

- * Only teenagers can play this game.
- * Randomly selected five questions will be asked.
- * The scoreboard of the players can be displayed.
- * The highest score and the corresponding player's name will be shown at the end.
- * Option to delete scores.
- * Replay functionality.

Gameplay Instructions

When you run the program, a console-based screen with a welcome message will appear. The rules and regulations of the game will be clearly displayed. Make sure to read and follow all instructions.

1. Enter your index number, name (first name is sufficient), and age (you must be a teenager).
2. The first question will appear. Answer it to continue the game. If your answer is incorrect, the correct answer will be displayed, and the game will end.
3. If you answer all the questions correctly, the game will conclude, and your performance will be recorded.

Viewing the Scoreboard

To view the scoreboard of players who have participated:

- Type “yes” to display the scoreboard.
- If you don't wish to see it, type “no.”

The scoreboard will show player details, rankings, and the highest score along with the respective player's name.

Deleting Summary

You can delete the summary and start the game from the beginning by choosing the relevant option. If you prefer not to delete, you can skip the question by typing “no.” Upon deletion, all records will be erased, and a message saying "All records have been deleted" will appear.

Contact and Support

If you need further support to play the game, feel free to contact me at 22cds0412@ms.sab.ac.lk
